*(subgrade form/letter may also be required)

Attestation/Signature:

By signing below, I certify that the component and/or element of the building as identified on this form has been inspected by me or someone under my direct supervision per G.S. 160D-11-6 and is in compliance with the approved plans & specifications for the project. This inspection is in compliance with the above referenced code as only applicable to the field inspection during our site visit based on visual observations. Minor cracking is common in construction and may result from factors such as temperature changes, concrete shrinkage, moisture variation, settlement, or construction practices. This letter does not imply any warranty or performance guarantee. This document is intended for use only by the client or its authorized representatives with written consent.

Inspection Department disclaimer:

Upon the receipt of a signed written document as required by G.S. 160D-11-6, Code Enforcement shall be discharged and released from any liabilities, duties and responsibilities imposed by this article or in common law from any claim arising out of or attributed to the component or element in the construction of the building for which the signed written document was submitted. Be aware that this inspection will be noted in all inspection records including the Certificate of Occupancy or Certificate of Compliance. This inspection does not address any local ordinances or zoning requirements.
