**Subject:** Fwd: [External] Neills Creek Farms - NCDOT Approval for Signage Requirements  
**Attachments:** Neills Creek front sign for Harnett.png; Neills Creek rear sign for Harnett County.png

Hi David,

Here's the email form the engineer from NC DOT and the front and rear sign that we are installing. All signs going in same foot print as existing signs.

Thanks,

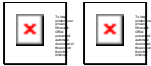

**Paul Curtsinger**

Good afternoon, Mr. Curtsinger.

Per our meeting on March 14, 2019, this email serves to confirm that the attached drawing for the proposed new signage at Neills Creek Subdivision was reviewed in the field. The materials with breakaway posts will be acceptable to the NCDOT, provided the sign is placed per our standards, including the 42" height requirement, as measured from the pavement elevation.

Please let me know if you have any further questions regarding.

Thanks.

Janet,

Hi there, We met at the Neills Creek Farms entrance a couple weeks ago. You gave approval on the signage and the height requirements, not exceed 42". We are moving forward with the project, and they wanted a stamp or written approval from you before they pull the trigger.

Could you please send me a note that the drawing is approved by you guys?

Thanks so much!
