Comments	<p>-Please note that the current ground sign will be removed on the site plan. Only one sign is permitted per street frontage.</p> <p>-The proposed LED message board sign is too large. A maximum of 35 percent of the total area is permitted to be LED message board. Please reduce the size of the message board to a maximum of 10.3 square feet, or make the overall sign larger.</p> <p>-The measurement on the site plan requires revision. The measurement provided is from the centerline of the ROW. The measurement is required to be taken from the edge of right-of-way. I have included a plat recorded in 2002 in case it is helpful in determining the edge of ROW.</p> <p><u>Information Comment Only</u></p> <ul style="list-style-type: none"> - Electronic message board portion of sign cannot change messages more than 7 times per minute. No animated presentations or animated change of frame is allowed. This will be checked as a part of the zoning inspection.
