*across yard from all
areas. 2 mile radius - up the
hill also not just low area.*

We do not have a septic tank. We noticed several other properties are experiencing the same issue. Address is 62 Rebeson Ct, spring lake, nc 28390.

Mr. Olson our office received your inquiry. Can you be more specific with the location and perhaps use your address as a vantage point for us to investigate? We would need permission to go onto other person's property. You may email me at sgstewart@harnett.org with that information and I will take as a complaint and get it processed. Do you think it may be coming from a wetland area or your septic tank?

Thank you,

Susan Stewart
