Complaint # 2412

Mr. & Mrs. Torres,

An on-site inspection was made on your property on August 9th, 2018 made by an Environmental Health Specialist. You were advised to get your distribution box uncovered, and if larger problems exist then a repair application will need to be executed.

You are hereby notified that you are violating the Rules and Regulations adopted by the North Carolina Commission for Health Services in accordance with requirements of Article 11 Chapter 130A-335 (a) of General Statutes of North Carolina. Any person owning or controlling a residence, place of business, or place of public assembly containing water using fixtures connected to a water supply source shall discharge all wastewater directly to an approved wastewater system permitted for that specific use. A wastewater system may include components for collection, treatment and disposal of wastewater.

We request that you contact the Health Department within 14 days. The continuation of this violation may constitute a health hazard, and if you do not comply within the allotted time frame we will be forced to obtain legal action,

I can be contacted at 893-7547 Monday-Friday, from 8:00-9:00 a.m.

Sincerely,

Oliver Tolksdorf, R.E.H.S.
