Nature of Complaint:

Connie (neighbor) lives next door at 2429 Old Stage Rd. states the mosquitoes are "eating us alive." They are terrible, getting all over her and her husband anytime outside and getting in her car every morning. This is because of an ongoing 4-year problem with a pool that has standing water. She states the neighbors were told to correct this a long time ago when ENVH Dept. came out. They are continuing to use a hose to drain the water but still a big problem. Trees are growing in the pool. This needs to be filled in.

**Re: Swimming Pool Complaint location: 2399 Old Stage Road Erwin, NC – PIN #0588-66-4343.000
Complaint # 1884**

Dear Mr. & Mrs. Tew,

After receiving a complaint about a swimming pool with a failed liner holding water and creating a mosquito breeding environment, an onsite visit was made. The Environmental Health Specialist investigating the complaint confirmed the conditions listed above. At the direction of the Harnett County Health Director, you must, either completely drain the pool, repair the pool and put it into proper working condition or fill the pool in so that no accumulation of water can occur.

Please contact me in regards to this matter as soon as possible but no longer than seven days from the receipt of this letter to avoid possible legal action by our Legal Department.

I can be contacted at (910) - 893-7547 Monday through Friday from 8:00 A.M. until 12:00 noon. You can request to be connected to me in the field if I am not in. I will try to answer any questions that you might have.

Sincerely,

Graham H. Byrd, R.E.H.S
