Andrew

Attached is a copy of the invoice from the lisenced septic contractor who fixed the pump. We had the pump replaced a few years ago and attempted to hold the sub who did the work then to honoring the waranty. He refused and we hirred Larry to do th ework.

His invoice with lisencc number is attached.

Please feel free to stop by anytime, some one is almost always here and can show you where the septic is. If you come by and one of the kids of my wife does not under stand where something is.. the spetic is no the righ side rear. the solids tank is about 10 feet behind th house and 10 feet to right of deck. There is a clean out by the house under the window that will help locate it. The rest is seen from the surface.

Not sure what else yo may need ut feel free to stop by or call me.

I am not the owner, I am the tenant, but i am a GC and can resolve most issues.

thanks and have a great day!

Love never fails!
